

Review of Inclusive and Special Education Reflection and Input

This template is intended to give you an opportunity to privately contribute ideas and experiences through a written submission. The ideas you contribute may be shared in aggregate form, or as a direct quote, however, ***your identity will not be shared***. Please send your comments to nikki.yee@alumni.ubc.ca

What is your experience, or that of students, parents, or communities that you work with, in relation to Inclusive/Special Education in Yukon? *What's going well for communities, families, students, educators? What has been challenging or less effective?*

What recommendations might come from these experiences? *What should the Department of Education prioritize in relation to inclusive and special education?*

From your perspective, how do you see inclusive and special education? *How should diverse learning needs be met?*

Moving forward: *What additional consultations with students, families, and communities might be important to this review? What other resources should be considered?*
