Dear Parent/Guardian,

Re: Student assessment survey

The Government of Yukon is changing how schools assess and report on student progress. We want feedback from students, teachers, parents and community members on the proposed changes, which Yukon teachers will use to assess and report on student learning and progress.

The proposed changes have been developed through the work of the Yukon Education Assessment Committee, made up of over 40 members including educators, Yukon First Nations and School Councils. The changes are part of the upcoming changes to Yukon's school curriculum, which will begin in September 2017.

Please take a few minutes to fill out our online survey and share your thoughts about how teachers should assess your child's progress at school and how they should communicate with you about their progress.

The deadline for participating in the survey is **April 12, 2017**.

If you have any questions, please do not hesitate to contact me. You can also contact the Learning Branch with your questions at curriculum@gov.yk.ca or call 867-456-6787.

Thank you.

Sincerely,
