May 4, 2017

Dear Parents and Guardians,

We have been asked not to park or drop off students to the right of Christ the King School. The open lots are not owned by Government and we have been asked to not use this area. Please utilize the parking lot to the left of the school. Below is a map of the areas described above.

We appreciate your understanding in this matter, if you have any questions please don't hesitate to contact me at the school at the above number.

Thank you,

Gordon Miller

Principal

Christ the King Elementary
